Billings County Commission
495 4th Street
Medora, ND 58645

Dear Mr. Arthaud:

Thank you for the request of a letter of support to add to Billings' County's BUILD Grant application, as provided by Ms. Marcia Lamb on behalf of the Billings County Commission. The Forest Service, Dakota Prairie Grasslands, supports the Billings County Commission in their application for a BUILD Grant.

Concerning the project cited as the basis for the County's BUILD grant application, known to our Agency as the Little Missouri River Crossing Project, the Dakota Prairie Grasslands was a cooperating agency in the environmental analysis conducted by the lead State and Federal agencies. In our role, we concurred with the environmental analysis, and we found that the project is consistent with the resource goals and objectives of the Grassland plan.

Thank you for the opportunity to provide support to Billings County's grant application.

Sincerely,

William P. O'Donnell
Grasslands Supervisor

cc: Leanne Martin, Keith Lannom, Joe Alexander, Elise Foster
